

Resources

A number of items are available in the Church that provide details on the activities and help you find the right person to talk to. We also have a business skills directory that could ultimately raise money for St Mary's. A selection of these is described below:

Welcome Book

This book contains information on the services, operations and the vast number of groups and activities that take place within the Church. It also provides thumbnail photos of the people to know at St Mary's. Please take your copy from the stand at the main entrance.

Photos

The photos in the Welcome Book are also displayed on the Notice Board in the library area at the back of the Church. It includes members of the Local Ministry Team, activity leaders, and other people to know at St Mary's. This gives everyone a chance to put a name to a face or vice versa.

Website

The St Mary's website provides access to a huge amount of useful information about the Church. It covers news items, what's on, reviews of events, contact details, photos and a whole host of other interesting items. Visit the site at www.stmarysredbourn.org and check back regularly for updates.

Business and Skills Directory

The Business and Skills Directory is a scheme for linking the professional skills available within the church community with other members of the congregation whilst providing an additional channel for much needed funds coming into the church. It provides an opportunity for people to advertise their specific talents within a Directory which is available in the library area of the Church and also the website.

Where Does the Money Come From?
